## **Income Tax - Colorado Tax Rates**

What are the tax rates in Colorado?

The income tax rate is 4.63 percent of the Colorado taxable income.

In Colorado sales tax rates vary from city to city. The state sales tax rate is 2.9 percent. However, counties and cities charge their own rates in addition to the 2.9 percent state sales tax rate. A complete listing of the city and county tax rates can be found in publication DR 1002 City/County Sales Tax Rates.

Publication FYI General 5 outlines the various Colorado tax rates and includes brief information about property taxes, which are handled at the county level.

Information for out-of-state businesses planning to do business in Colorado is available in the department's publication FYI Sales 5.

FYIs are located on the Web at www.taxcolorado.com
